DETAILED ACTION

Applicant's arguments filed 6/30/04 have been fully considered but they are not persuasive. See argument below.

I. Rejection of claims 1-6,11,15,18-20,22-24,26,29,30,32,40 under 35 USC 103(a) will be maintained for reason on record and reason as follows. Applicant argues that there exist no motivation for combining Hsiung and JP '898 and that one would not have considered combining a lipophobic substance such as inorganic formulation as claimed. Examiner maintains that ample motivation and expectation of success is obvious for the combination of Hsiung and JP '898 since both compositions are individually used as hair treatment compositions. Applicant states that Jones Declaration reveals that the combination of references would result in a composition that is a not homogenous composition. Examiner disagrees with Applicant. Examiner argues that whether the composition is homogenous or not homogenous depends on the amount of each ingredient in the composition.

II. Objected to and Allowed claims are maintained for reason on record.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
